Will do... can you please follow up with Tom and Mary on the timing? I'm not sure what time the meeting is in the morning but as early as possible in the AM for their response will help, I'm sure.

Dave, can you take the lead, send what we have to Margie. Let her know that it is 2/3 of our response and that our Acting Administrator would like to have one GSA response, and we will submit something from FAS as soon as we receive it? This way, we are not delaying OMB. Tim wrote to Tom to see what they have.

Sound good? I don't think we were clear to FAS that we needed this tonight. Thank you! Please cc me, tim, tony, jack and the others you copied earlier.

Good evening, Margie and Sean.

Thanks for your patience. Attached is the doc that contains some of the high level initiatives in GSA that focused on technology transformation internal to GSA provided by GSA IT and as an external service provided by TTS. Due to the short time, we focused on content, some stats regarding savings and business value and some customer testimonials for value context. The text is not highly edited so please feel free to word-smith for readability as you build your presentation for tomorrow.

The one missing, but critical element is the transformative services provided by FAS. Those user stories are being developed this evening and will be sent under separate e-mail in the morning. We wanted to get the GSA IT and TTS info to you ASAP.

Ping me if you have any questions as you review the info or need anything else this evening.

Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thanks, Joanna. I just heard from Margie, OMB is locking their deck at 8:15 AM (the meeting is at 9 AM) so time is very short.

There is probably not enough time for us to dig up the denominators that made up the baseline for the savings numbers in the document by 8:15 AM.

Numbers in here are clear in terms of absolute savings. Do you have baseline numbers so we can draw a percentage?

i.e. you were spending \$X and saved \$19M on collaboration.

Subject: Re: Time Sensitive for POTUS cost saving example?

Good evening, Margie and Sean.

Thanks for your patience. Attached is the doc that contains some of the high level initiatives in GSA that focused on technology transformation internal to GSA provided by GSA IT and as an external service provided by TTS. Due to the short time, we focused on content, some stats regarding savings and business value and some customer testimonials for value context. The text is not highly edited so please feel free to word-smith for readability as you build your presentation for tomorrow.

The one missing, but critical element is the transformative services provided by FAS. Those user stories are being developed this evening and will be sent under separate e-mail in the morning. We wanted to get the GSA IT and TTS info to you ASAP.

Ping me if you have any questions as you review the info or need anything else this evening.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?

Hi Tim

Good to see you today on the big screen. Sounds like you have it all under control. I liked your subtle nod that we need to move to a leadership mode. Thanks for setting the model on that front.

Re your request for opps to send short notes to worthy employees, please see below. In a nutshell, we had some FAS folks visit in some detail with customers in CA Ft. Hunter Liggett to help them solve myriad problems using GSA solutions.

Here is the story, which is probably more of an F&C success.

Lori Herrera (R7 Special Order Program) Branch Chief and Stephen Bartley (Customer and Stakeholder Engagement) visited Fort Hunter Liggett (FHL) in California Thursday, January, 12th, 2017 to discuss HVAC system requirements. The productive visit was coordinated by R9 CSDs Elizabeth Belenis and Mark Reiss. Customer Fort Hunter Liggett (FHL) is involved with a Net Zero Energy Efficiency program. FAS had the opportunity to tour the legacy HVAC systems, among several units that need to be replaced with sustainable alternatives. Long-term support will incorporate sourcing from Schedule 56 and 84 through R7 SOP's procurement service. The R7 SOP team is also finalizing a \$20M sale of pre-fabricated structures to Fort Hunter Liggett. Kudos to Lori and Steve for their outstanding business development and support of customers.=

During their California visit Lori and Stephen Bartley meet with Schedule 84 contractor Condor Security that provides guard services and are helping FAS with the Guard Finder Tool initiatives. Lori and Stephen also met with Schedule 84 contractors Siemens and Trane, who have existing systems at FHL that cross into Contract Teaming Arrangements (CTAs).

Before their return trip they met with Schedule 84 contractor Identiv (Physical Access Control Systems PACS manufacturer). Lori and Stephen Bartley briefed the customer on proposed efforts for PACS solutions through Schedule 84 related to the Security and Protection Category at the government-wide level.

There is probably not enough time for us to dig up the denominators that made up the baseline for the savings numbers in the document by 8:15 AM.

Good morning, Margie. The numbers are vetted and have been stated publicly over time so confidence in them should be reasonably high. The couple of cost avoidance numbers in there were based on government estimates at the time and should be able to stand on their own. I will have to see if we have the baseline numbers readily available for the actual savings numbers. I am sure that baselined were created but we have not really referenced them for quite a while so digging them up may be an adventure.

What time is your presentation and when are you walking down the deck ahead of that presentation? If early, I'll be fighting people coming into work... And I also want to give FAS a deadline.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-

focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?

Due to the tight time constraint from OMB, we had to submit something this evening. As Dave explains below, we sent it incomplete as we fully intended for it to be a GSA submission. As soon as you complete the FAS portion, we will need to forward to OMB. They need this for a meeting in the morning. The GSAIT and TTS submission is attached. Thanks for your prompt attention!

Good evening, Margie and Sean.

Thanks for your patience. Attached is the doc that contains some of the high level initiatives in GSA that focused on technology transformation internal to GSA provided by GSA IT and as an external service provided by TTS. Due to the short time, we focused on content, some stats regarding savings and business value and some customer testimonials for value context. The text is not highly edited so please feel free to word-smith for readability as you build your presentation for tomorrow.

The one missing, but critical element is the transformative services provided by FAS. Those user stories are being developed this evening and will be sent under separate e-mail in the morning. We wanted to get the GSA IT and TTS info to you ASAP.

Ping me if you have any questions as you review the info or need anything else this evening.

Agency Transition Directors - Following-up on our conversations last week, we have heard from the President-elect's Transition Team (PETT) which political appointees they would like to holdover. There are a total of 37 holdover requests across 12 agencies. The full list is attached.

By 1pm please:

- 1) Validate this list of holdovers matches your understanding, including
- 2) Identifying individuals that in discussion with your ART you had agreed to holdover that is not included.

If you identify any individuals who are missing, please share with us their name, title, and with whom you had agreed on this holdover (e.g. ART lead, sherpa, etc.). Please send your responses by 1pm today to the two of us, Asma, and Meg McLaughlin (CC'ed). Apologies for the quick turnaround as we want to highlight gaps for the PETT quickly.

Concurrently we are going through the process of having this or the next President designate career officials as acting for a limited set of positions and hope to land that quickly.

Best,

Andrew & Tim

Regarding the State Department issue, we understand that the State Department has collected letters of resignation pertaining to the Deputy, Under or Assistant Secretary positions

occupied by career FSOs, which the incoming Administration may choose to accept upon assuming office. Again, in keeping with past precedent, we did not remove these career FSOs from their assignments, so that the incoming team would be provided maximum flexibility

and the Department could operate effectively through the transition. You retain the authority to reassign the FSOs upon assuming office, should you choose to do so.

Thank you. -Andrew

Andrew, with regard to the eight new holdovers, understanding that the NASA slot (the 9th) is now not being held over, we would ask that only the following two Treasury additions should be removed:

Hannah Sutter

Sarah "Sally" Wrennall-Montes

Further, with the exception of the individuals we've placed on our holdover list for the State Department, we request that all career foreign service officers serving as Deputy, Under or Assistant Secretaries return to the foreign service

and vacate if serving in any of the aforementioned posts.

Thanks, Andrew.

Thanks for the follow up and revised list earlier this eve, Rick. (I have added the other colleagues from our prior

email chain.)

As noted earlier today, we were checking your first list against what the ATDC have reported to us to identify any

potential gaps. A number of the people you added to the revised list were those identified by Agency Transition Directors. However, there are some additional people that Agency Transition Directors report are being asked to holdover by Agency Review Teams.

Accordingly, I have revised your latest list by adding nine names at the bottom of the list. (I also added numbers and kept your formatting re highlighting your new additions.) Please take a look.

Additionally, we wanted to respond to your questions re State Department career employees:

-

Career Foreign Service Officers (FSOs) serving in PAS or PA positions have not been asked to submit their letters of resignation from those positions because of their underlying career status,

which is similar to members of the Senior Executive Service. Although these career FSOs were nominated/appointed to PAS positions or appointed to PA positions by the President, they are selected

for PAS or PA positions (including both overseas ambassadorships

as well as PAS or PA positions at State and USAID) pursuant to Foreign Service processes separate from the political appointee selection process overseen by the White House Presidential Personnel Office. This approach is consistent with the approach taken

in prior transitions.

Do let us know if you want to move any of the nine above the line. In the absence of your confirmation, we will continue

to off board them as we look to you for the definitive list.

Thank you again. -A

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,
Rick Dearborn

Subject: Executing section 2 of the Reg Freeze memo

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Hi Asma,

Just a quick email to let you know that I have reached out directly to the beach head team for all of the necessary HR information. They have reached out to the PTT, but have also asked that I check again to see if you are able to provide any further information on this. Should we expect all information on HR matters to come either from the PTT or the beach head team?

Many thanks for all of your assistance.

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Agency Transition Directors,

Today is Andrew's last day at OMB and he asked me to pass along a message (below). On a personal note, it's been a honor working with you and your teams on the Presidential transition. I hope we have an opportunity to work together again in my new role on the OMB Performance & Personnel Management (PPM) team which starts Monday.

Best,

Asma Mirza

Agency Transition Directors,

In 2008 I join the PETT for then President-elect Obama. After serving on ARTs I started on day 1 of the Administration as an initial team at Treasury, benefiting greatly from the time and professionalism put in by the Bush Administration. Eight years later, it's been an honor to work with you on this transition over the past eight months. While many will never see all the work that goes in behind the scenes to make the transition as smooth as possible during a time of inherent change and uncertainty, I know it would not be possible without this dedicated crew.

Thank you for serving this Administration, the next Administration, and the American people. –Andrew Mayock

The concern was making sure that nothing went in to place tomorrow without action from us. It sounds like waiting until tomorrow won't create anything that is irreversible in terms of a regulatory change. Is that correct?

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Thanks and let me know if you have any questions,

Many thanks, Tim. I've been working with the Beach Head Team and have now been contacted by the Deputy Director for Personnel at the White House (Sean Doocey) who has begun to provide the required information.

Just a note of personal thanks for all of your work during the transition - you, Andrew Mayock and the entire team did an excellent job of keeping all agencies, including smaller ones like ours, informed, and we greatly appreciated it.

As an addendum, it's likely that there are other regs pending within OGP that may be pending for signature and subsequent forwarding to OFR.

Exec Sec primarily tracks regulatory actions being signed at the Administrator level and would not be aware of rules planned for signing within OGP.

I am aware of only three items pending and these are all at GSA.

Barring the freeze, these would have been headed to the OFR following Administrator approval (FMR re mail regulations, FMR re utility regulations, and FMR re Art & Architecture,, The first two have been approved by OIRA, and are in final review with OGC. The last, a proposed final rule, is with PBS.

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Hi Jack

See the attached. Jeff is working with OMB to take appropriate action.

Also we have confirmed that any additional regulatory changes would need to be signed by the GSA Administrator before it goes to OFR so we have a control in place to stop anything else.

Call me if we need to discuss further.

The concern was making sure that nothing went in to place tomorrow without action from us. It sounds like waiting until tomorrow won't create anything that is irreversible in terms of a regulatory change. Is that correct?

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Thanks and let me know if you have any questions,

Correct for the FAR.

Thanks Jeff-

The concern was making sure that nothing went in to place tomorrow without action from us. It sounds like waiting until tomorrow won't create anything that is irreversible in terms of a regulatory change. Is that correct?

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

- 2) In the exemptions section, item R exempt position that are public safety (including essential activities to the extent that they protect life and property). This aligns with the definition of protecting life and property that applies in a government shutdown, these positions were identified in a prior iteration of the GSA shutdown order (prior to the change in policy to retain all PBS employees as long as unobligated balance in the S&E were available).
- 3) In the closing paragraph of the exemption section, for the Office of the Inspector General, the IG is considered the agency head for the purpose of that organization.

Toni, Andi, and Craig –

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Angela.

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Hi Emily,

We are here and ready to do what needs to be done, but without any info we are not able to get started on any of the necessary coordination. We are committed to doing our best to get this person onboarded successfully but are running short on time.

Are you able to provide the name and agency within DOJ so we can try to get that coordination going?

Also, Faisal waved us in for a 9-10 block with OVP's last two people who are onboarding. If your last employee is available at that time (know they may not be on site, but thought it was worth bringing up), we will be in Faisal's office at that time.

Thanks Henry - we may flag tonight what we know at this point for the PETT given how much time is on the clock and note the issue you're working to resolve.

Agency Transition Directors - Following-up on our conversations last week, we have heard from the President-elect's Transition Team (PETT) which political appointees they would like to holdover. There are a total of 37 holdover requests across 12 agencies. The full list is attached.

By 1pm please:

- 1) Validate this list of holdovers matches your understanding, including
- 2) Identifying individuals that in discussion with your ART you had agreed to holdover that is not included.

If you identify any individuals who are missing, please share with us their name, title, and with whom you had agreed on this holdover (e.g. ART lead, sherpa, etc.). Please send your responses by 1pm today to the two of us, Asma, and Meg McLaughlin (CC'ed). Apologies for the quick turnaround as we want to highlight gaps for the PETT quickly.

Concurrently we are going through the process of having this or the next President designate career officials as acting for a limited set of positions and hope to land that quickly.

Best,

Andrew & Tim

Also, Faisal waved us in for a 9-10 block with OVP's last two people who are onboarding. If your last employee is available at that time (know they may not be on site, but thought it was worth bringing up), we will be in Faisal's office at that time.

Andy and Anthony (and Michael if he still has email).

See below. My thoughts are to connect GSA with the FBI cyber crime team. Do you have good contact information for them?

Also, Asma is going to reach out to Suzy George given some of this list.

Can you call me. (b) (6)

To: Sean Spicer, Hope Hicks:

Channel 4 News in London is preparing to broadcast a news report on internet security at 19:00 GMT on Wednesday the 18th of January.

Channel 4 News has discovered that 14 members of the President Elect's appointees have had their account details obtained by hackers and published on websites including www.leakedsource.com. The stolen data, including email addresses and passwords to commonly used websites, covered the period from 2012 until 2016.

These email address and passwords can be removed from some of these public databases on request. The fact that these email addresses and passwords are still viewable and can be purchased suggests that potentially compromising information could be accessible. It also suggests that insufficient due diligence may have been carried out to protect the integrity of the Trump administration as these individuals could be vulnerable to blackmail. This is a matter of significant public interest in light of recent allegations about Russian hacking of officials at the DNC.

Hi Asma,

I am happy to reach out to the Beach Head Team for the biographical information, but we'll also need to know appointing authority, pay plan and grade/salary information. Can you let me know who will provide that? Is that something Tim and his team will be able to run down?

Many thanks,
Enoh

Tim,

Just a quick follow up to our emails this morning: we have not yet received the information necessary to begin the human resource actions for our 4 Beach Head Team members. Given the intended EOD of January 20th, is there any action we should be taking to facilitate the receipt of the information?

Thanks,

Enoh

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting

information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Tim,

We have formally withdrawn FAR case 2016-007 Non-Retaliation for Disclosure of Compensation Information from the Office of the Federal Register.

We have confirmed that we have no Federal Management Regulation, no Federal Travel Regulation and no GSA Acquisition Regulation cases pending at the Office of the Federal Register.

We have also confirmed that GSA has no regulations which have been published in the Federal Register but have not yet implemented.

Active items in the Federal Register include:

Four FAR cases currently open for public comment.

The FAR Cases are:

1. FAR Case 2015-033; Sustainable Acquisition; Proposed rule. Published in the Federal Register on January 18, 2017. The comments due date is March 20, 2017.
2. FAR Case 2017-001; Paid Sick Leave for Federal Contractors; Interim rule. Published in the Federal Register on December 16, 2016. The comments due date is February 14, 2017.

3. FAR Case 2014-002; Set-Asides Under Multiple-Award Contracts; Proposed rule. Published on December 6, 2016. The comments due date is February 6, 2017.

4. FAR Case 2016-005; Effective Communication Between Government and Industry; Proposed Rule. Published on November 29, 2016. The comments due date was extended today. The new comment date is March 2, 2017.

GSA also has 3 open information collection notices and 1 other open notice. All of these are in the public comment period: The open notices are:

The open Notice and Information Collection notices are:

1. Information Collection Notice 9000-0135; Prospective Subcontractor Requests for Bonds; 81 FR 93688; Comment period ends February 21, 2017.

2. Information Collection Notice; 3090-0121; Industrial Funding Fee and Sales Reporting; 82 FR 4337; Comment period ends February 14, 2017.

3. Information Collection Notice; 3090-0304; USA.gov and all related subdomains; 82 FR 3794; Comment period ends on February 13, 2017.

4. Notice-ID-2016-03 Privacy Act System of Records Login.gov; 82 FR 6552; Comment period ends February 21, 2017.

In addition, today, the Public Buildings Service, published a notice of its intent to prepare an Environmental Impact Statement for the Department of Labor Headquarters Consolidation and the Exchange of the Francis Perkins Building. The notice announces various public "scoping" meetings to advance this project.

Thanks Jeff-

The concern was making sure that nothing went in to place tomorrow without action from us. It sounds like waiting until tomorrow won't create anything that is irreversible in terms of a regulatory change. Is that correct?

On Jan 22, 2017, at 10:45 AM, Jeffrey Koses - M1V <jeffrey.koses@gsa.gov> wrote:

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

Subject: Executing section 2 of the Reg Freeze memo

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Many thanks, Tim. I've been working with the Beach Head Team and have now been contacted by the Deputy Director for Personnel at the White House (Sean Doocey) who has begun to provide the required information.

Just a note of personal thanks for all of your work during the transition - you, Andrew Mayock and the entire team did an excellent job of keeping all agencies, including smaller ones like ours, informed, and we greatly appreciated it.

Many thanks, Tim. I've been working with the Beach Head Team and have now been contacted by the Deputy Director for Personnel at the White House (Sean Doocey) who has begun to provide the required information.

Just a note of personal thanks for all of your work during the transition - you, Andrew Mayock and the entire team did an excellent job of keeping all agencies, including smaller ones like ours, informed, and we greatly appreciated it.

Best regards,
Enoh

All:

Giancarlo Brizzi and OGP's Regulatory Secretariat would have the definitive list of what has been sent to the OFR recently, including anything signed within OGP.

I am aware of only three items pending and these are all at GSA.

Barring the freeze, these would have been headed to the OFR following Administrator approval (FMR re mail regulations, FMR re utility regulations, and FMR re Art & Architecture,, The first two have been approved by OIRA, and are in final review with OGC. The last, a proposed final rule, is with PBS.

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called “regulatory second”) has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

A few moments ago, Ben shared the attached guidance document with GSA CHCO and OCFO. A couple things that Ben and I noticed that we thought might be helpful:

- 1) In the exemptions section, item J allows for one-for-one backfill of onboard positions as of 1/22/ 17 that supported by 5 C.F.R 213.3102 - fellowship or professional/industry exchange. This is the hiring authority for the 18F Program.
- 2) In the exemptions section, item R exempt position that are public safety (including essential activities to the extent that they protect life and property). This aligns with the definition of protecting life and property that applies in a government shutdown, these positions were identified in a prior iteration of the GSA shutdown order (prior to the change in policy to retain all PBS employees as long as unobligated balance in the S&E were available).
- 3) In the closing paragraph of the exemption section, for the Office of the Inspector General, the IG is considered the agency head for the purpose of that organization.

Let us know if you need anything.
Angela.

Importance: High

Toni, Andi, and Craig –

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Angela.

Andrew / Tim --

By our succession plans, the Deputy Secretary, HON Robert Work, will be Acting SecDef at noon tomorrow until a SecDef is confirmed/approved.

The normal comms for all requirements will remain in place, same as today (contacting all same offices/staff for Principals and Deputies meetings; contacting through SecDef Communications Office for critical connection, etc).

Given that, do you need other from us?

Regards,

Mike

Agency Transition Directors - Following-up on our conversations last week, we have heard from the President-elect's Transition Team (PETT) which political appointees they would like to holdover. There are a total of 37 holdover requests across 12 agencies. The full list is attached.

By 1pm please:

- 1) Validate this list of holdovers matches your understanding, including
- 2) Identifying individuals that in discussion with your ART you had agreed to holdover that is not included.

If you identify any individuals who are missing, please share with us their name, title, and with whom you had agreed on this holdover (e.g. ART lead, sherpa, etc.). Please send your responses by 1pm today to the two of us, Asma, and Meg McLaughlin (CC'ed). Apologies for the quick turnaround as we want to highlight gaps for the PETT quickly.

Concurrently we are going through the process of having this or the next President designate career officials as acting for a limited set of positions and hope to land that quickly.

Best,

Andrew & Tim

Sure thing - the Administrator's counterpart on our end is typically the "PAD" which used to be Andrew Mayock before he became the DDM. Until they name our new PAD, our "DAD" (division director) is Andrew Abrams, who you may already know, and I'm sure he'll be very interested to chat.

Tim,

We have formally withdrawn FAR case 2016-007 Non-Retaliation for Disclosure of Compensation Information from the Office of the Federal Register.

We have confirmed that we have no Federal Management Regulation, no Federal Travel Regulation and no GSA Acquisition Regulation cases pending at the Office of the Federal Register.

We have also confirmed that GSA has no regulations which have been published in the Federal Register but have not yet implemented.

Active items in the Federal Register include:

Four FAR cases currently open for public comment.

The FAR Cases are:

The comments due date is March 20, 2017.

GSA also has 3 open information collection notices and 1 other open notice. All of these are in the public comment period: The open notices are:

Thanks Jeff-

The concern was making sure that nothing went in to place tomorrow without action from us. It sounds like waiting until tomorrow won't create anything that is irreversible in terms of a regulatory change. Is that correct?

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Marcus Peacock

Sorry to be a pest, but would still love to engage with you on the appointments of Mr. Shuck and Mr. Ciepielowski. Both arrived today and amid briefings and meet and greets, we would like to finalize their paperwork. Again, email or a phone call – your preference – is fine.

Many thanks,

Tim,

I had the pleasure of speaking with you earlier this week with Rob Fallon from BBG. As a reminder, I'm Marie Lennon, BBG's Director of Management Services. Our HR Director was able to talk with Laura Lynch today and we have some additional questions on the roles of Mr. Shuck and Mr. Ciepielowski that Laura suggested we run by you.

I'm sure you are crazy-busy and I'm happy to send you the questions via email or be available for a call if that's more convenient.

Many thanks,

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Andrew, Tim & Asma,

We have a couple of questions as we transition in the Beachhead team members.

By 12:01 tomorrow it's not likely that all Beachhead Team Members will have completed the full clearance process, and therefore not employees, but will expect to be treated as we did the ART members.

To become ART members you had them sign and affirm certain things, and did some sort of review.

Is it possible for you to share the paperwork you required to clear the ART members? We are assuming this included Conflict of Interest statements and other similar type statements.

Do you have any intel as to what other Agencies are doing around this that could be shared or that we could also use.

We are concerned about these Beachhead members in "limbo" and just how engaged we can allow them to be.

Thanks in advance for any info you can provide.

John

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Hi Theresa -

Per our conversation, please look at the ask below and provide everyone CC'd with a list of regulations proposed by GSA that qualify. You mentioned there were a couple things you know already went back to OGC last week, so please include those just so we see the whole picture. We need to produce this info as soon as possible. Thanks!

Subject: RE: Urgent: Request from PETT to Hold Over

Apparently there was an email address corruption as Meg's original email moved back and forth between various networks here. Attached is my updated resignation letter, per Meg's direction below.

Also, I am cc'ing Patricia Lewis (Deputy, ODNI Chief Management Office) to make sure she's in the loop

Cheers

Ray

Hello Mr. Clark - We still have not received a copy of your updated resignation letter. As I will be offboarding in the next hour, I am copying two colleagues, Asma Mirza of OMB and Wanda Neiman of the White House Executive Clerk's Office, who will remain onboard after Rudy and I offboard today. If you could make sure the two of them receive your updated letter we'd appreciate it. Thanks so much for your continued service.

Hello Meg -- thanks for the email! I re-wrote and signed my resignation letter per your direction below, and DNI ExecSec is working to get it to you. I wanted them to handle and transmit the letter, so there is internal record and knowledge of what's going on on this end.

Cheers

Subject: Response requested by 1pm: Holdovers

Agency Transition Directors - Following-up on our conversations last week, we have heard from the President-elect's Transition Team (PETT) which political appointees they would like to holdover. There are a total of 37 holdover requests across 12 agencies. The full list is attached.

By 1pm please:

- 1) Validate this list of holdovers matches your understanding, including
- 2) Identifying individuals that in discussion with your ART you had agreed to holdover that is not included.

If you identify any individuals who are missing, please share with us their name, title, and with whom you had agreed on this holdover (e.g. ART lead, sherpa, etc.). Please send your responses by 1pm today to the two of us, Asma, and Meg McLaughlin (CC'ed). Apologies for the quick turnaround as we want to highlight gaps for the PETT quickly.

Concurrently we are going through the process of having this or the next President designate career officials as acting for a limited set of positions and hope to land that quickly.

Best,

Andrew & Tim

Tim,

I had the pleasure of speaking with you earlier this week with Rob Fallon from BBG. As a reminder, I'm Marie Lennon, BBG's Director of Management Services. Our HR Director was able to talk with Laura Lynch today and we have some additional questions on the roles of Mr. Shuck and Mr. Ciepielowski that Laura suggested we run by you.

I'm sure you are crazy-busy and I'm happy to send you the questions via email or be available for a call if that's more convenient.

Many thanks,
Marie

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Tim,

Sorry to be a pest, but would still love to engage with you on the appointments of Mr. Shuck and Mr. Ciepielowski. Both arrived today and amid briefings and meet and greets, we would like to finalize their paperwork. Again, email or a phone call – your preference – is fine.

Many thanks,
Marie

Tim,

I had the pleasure of speaking with you earlier this week with Rob Fallon from BBG. As a reminder, I'm Marie Lennon, BBG's Director of Management Services. Our HR Director was able to talk with Laura Lynch today and we have some additional questions on the roles of Mr. Shuck and Mr. Ciepielowski that Laura suggested we run by you.

I'm sure you are crazy-busy and I'm happy to send you the questions via email or be available for a call if that's more convenient.

Many thanks,
Marie

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Attached is the latest list with DOE Klotz added per your request and Sec Johnson added per our understanding. The Treasury people noted in your email below have been removed. Please confirm the latter.

Tomorrow, we will share revised resignation letters for those appointees who you asked to stay on and agreed to do so.

Regarding the State Department issue, we understand that the State Department has collected letters of resignation pertaining to the Deputy, Under or Assistant Secretary positions occupied by career FSOs, which the incoming Administration may choose to accept upon assuming office. Again, in keeping with past precedent, we did not remove these career FSOs from their assignments, so that the incoming team would be provided maximum flexibility and the Department could operate effectively through the transition. You retain the authority to reassign the FSOs upon assuming office, should you choose to do so.

Thank you. -Andrew

Andrew, with regard to the eight new holdovers, understanding that the NASA slot (the 9th) is now not being held over, we would ask that only the following two Treasury additions should be removed:

Hannah Sutter

Sarah "Sally" Wrennall-Montes

Further, with the exception of the individuals we've placed on our holdover list for the State Department, we request that all career foreign service officers serving as Deputy, Under or Assistant Secretaries return to the foreign service and vacate if serving in any of the aforementioned posts.

Thanks, Andrew.

Thanks for the follow up and revised list earlier this eve, Rick. (I have added the other colleagues from our prior email chain.)

As noted earlier today, we were checking your first list against what the AIDC have reported to us to identify any potential gaps. A number of the people you added to the revised list were those identified by Agency Transition Directors. However, there are some additional people that Agency Transition Directors report are being asked to holdover by Agency Review Teams. Accordingly, I have revised your latest list by adding nine names at the bottom of the list. (I also added numbers and kept your formatting re highlighting your new additions.) Please take a look.

Additionally, we wanted to respond to your questions re State Department career employees:

- Career Foreign Service Officers (FSOs) serving in PAS or PA positions have not been asked to submit their letters of resignation from those positions because of their underlying career status, which is similar to members of the Senior Executive Service. Although these career FSOs were nominated/appointed to PAS positions or appointed to PA positions by the President, they are selected for PAS or PA positions (including both overseas ambassadorships as well as PAS or PA positions at State and USAID) pursuant to Foreign Service processes separate from the political appointee selection process overseen by the White House Presidential Personnel Office. This approach is consistent with

the approach taken in prior transitions.

Do let us know if you want to move any of the nine above the line. In the absence of your confirmation, we will continue to off board them as we look to you for the definitive list.

Thank you again. A

Given tomorrow is a holiday, AND our parking lots have to be cleared by 4pm today (to allow for inauguration parade support preparations). I need to address this imminently. The DoD ART representatives and the WHLO designate indicate that all was resolved / submitted for the five. I know two were addressed subsequently, but unsure of the three from your perspective. I believe they are OK'd to stay for the additional 30-60 days to close out actions.....but I need to confirm since they weren't on your original list. If there are any issues with the three (Rosenbach, Park, and Gans) I have to address them now. They are preparing to depart. Thanks, Mike

Agency Transition Directors - Following-up on our conversations last week, we have heard from the President-elect's Transition Team (PETT) which political appointees they would like to holdover. There are a total of 37 holdover requests across 12 agencies. The full list is attached.

By 1pm please:

- 1) Validate this list of holdovers matches your understanding, including
- 2) Identifying individuals that in discussion with your ART you had agreed to holdover that is not included.

If you identify any individuals who are missing, please share with us their name, title, and with whom you had agreed on this holdover (e.g. ART lead, sherpa, etc.). Please send your responses by 1pm today to the two of us, Asma, and Meg McLaughlin (CC'ed). Apologies for the quick turnaround as we want to highlight gaps for the PETT quickly.

Concurrently we are going through the process of having this or the next President designate career officials as acting for a limited set of positions and hope to land that quickly.

Best,

Andrew & Tim

Hi John – I'm attaching the documents each person signed. They also separately signed a code of ethical conduct with the PETT. As you know, the MOU sunsets at Inauguration so therefore ART members no longer have access to agencies unless they have become Federal employees as part of the beachhead.

Andrew, Tim & Asma,

We have a couple of questions as we transition in the Beachhead team members.

By 12:01 tomorrow it's not likely that all Beachhead Team Members will have completed the full clearance process, and therefore not employees, but will expect to be treated as we did the ART members.

To become ART members you had them sign and affirm certain things, and did some sort of review.

Is it possible for you to share the paperwork you required to clear the ART members? We are assuming this included Conflict of Interest statements and other similar type statements.

Do you have any intel as to what other Agencies are doing around this that could be shared or that we could also use.

We are concerned about these Beachhead members in "limbo" and just how engaged we can allow them to be.

Thanks in advance for any info you can provide.

John

Tim,

I had the pleasure of speaking with you earlier this week with Rob Fallon from BBG. As a reminder, I'm Marie Lennon, BBG's Director of Management Services. Our HR Director was able to talk with Laura Lynch today and we have some additional questions on the roles of Mr. Shuck and Mr. Ciepielowski that Laura suggested we run by you.

I'm sure you are crazy-busy and I'm happy to send you the questions via email or be available for a call if that's more convenient.

Many thanks,
Marie

I will double back with our HR team to determine what will be needed to process these appointments quickly. Could I ask a few questions to assist us as we do so?

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Subject: Additional 5 names across 2 existing agencies: NSC and White House Office

Attached and below please find updated list of PETT members with whom these agencies' transition directors are authorized to engage as part of the Presidential Transition. We will follow up directly with agencies regarding PETT members security clearances. We have provided the PETT with contact info for these agencies and you should expect to be hearing from them.

Additional PETT Names: Since our last email, we have authorized 5 additional names across 2 existing agencies: NSC and White House Offices. The new names are in bold below.

Today's authorized total brings the overall count to 55 agencies with 384 members. Please see attached the tally of ART members by agency.

The President-elect's Transition Team Chair has certified that the attached individuals have met the public disclosure, ethics, and conflict of interest requirements in the MOU. Also, each individual PETT member has signed the PETT Code of Ethical Conduct (attached) as well as formally acknowledged the requirements in the MOU (also see attached form). We remind you that the only individuals authorized below (and in subsequent lists) are allowed to engage your agency. If someone not on this list attempts to engage your agency, please let us know.

Next Steps: We look forward to receipt of additional authorized PETT members for other Federal entities, and we will let you know when we have received them. We will continue to send updates, daily or as needed, to reflect additions and removals from this list.

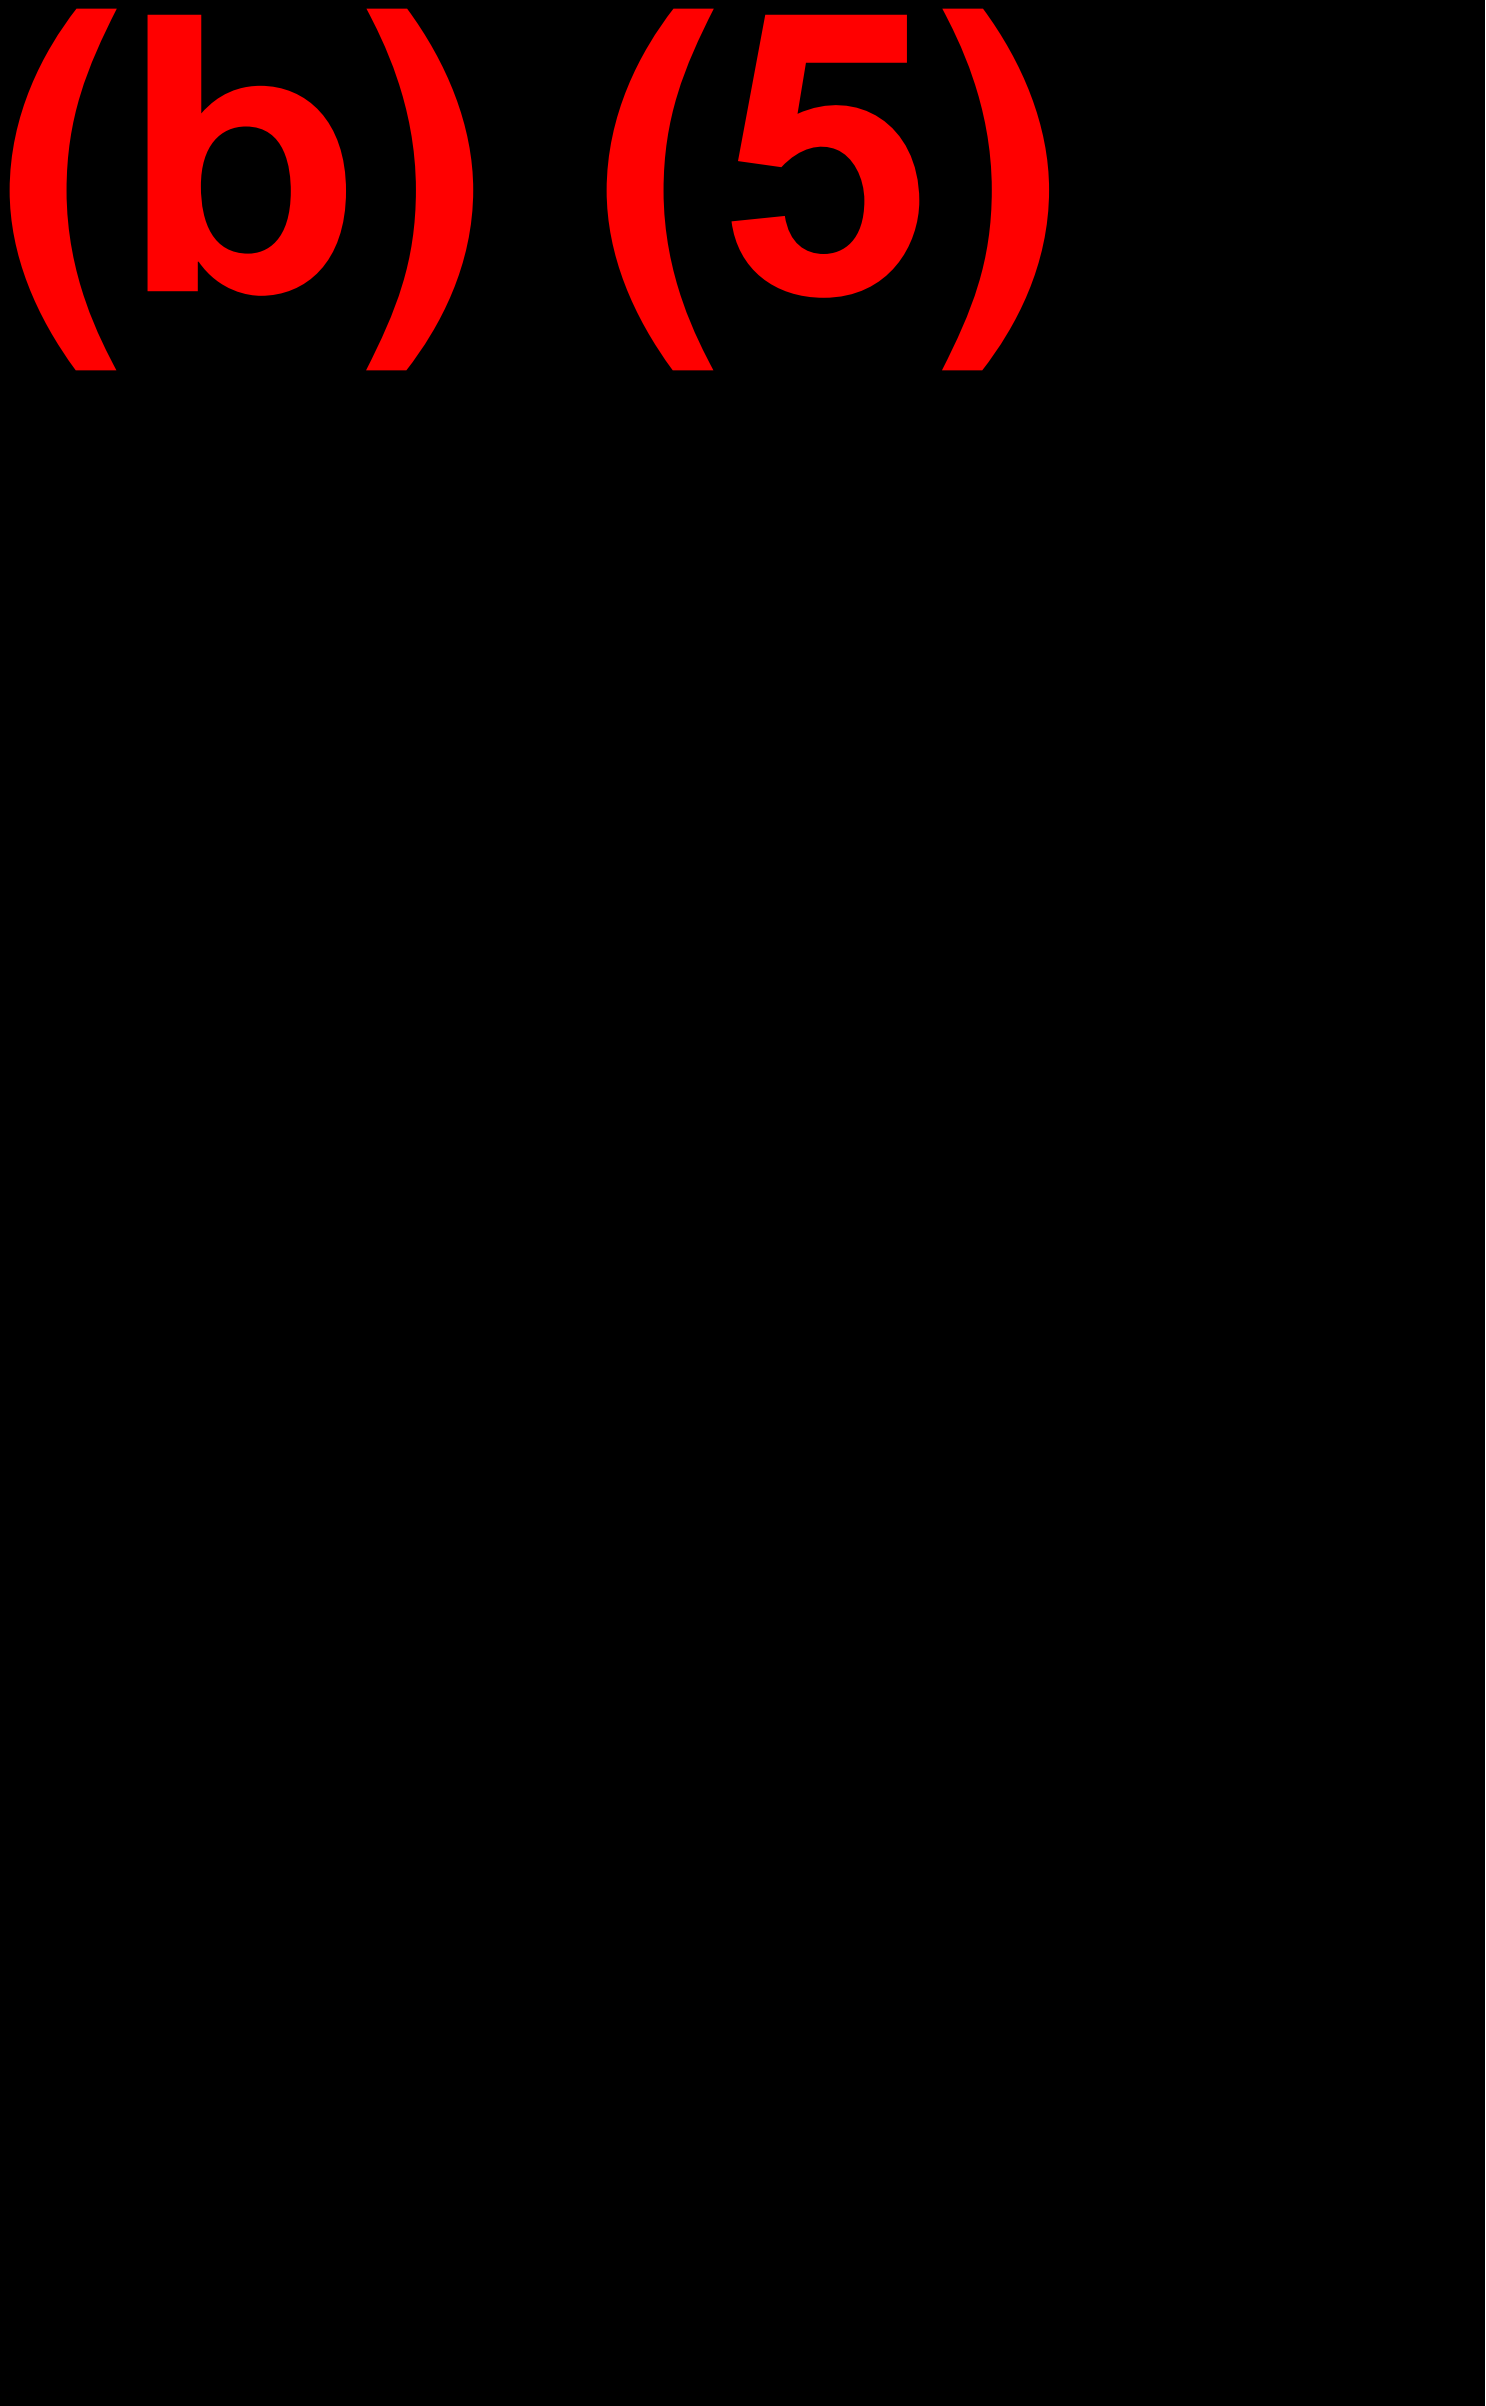

If you have any questions, please reach out to Asma, Rayden, Jamise or either of us. Once again, thank you for your leadership and continued engagement. Best, Andrew & Tim

Tomorrow, we will share revised resignation letters for those appointees who you asked to stay on and agreed to do so.

Regarding the State Department issue, we understand that the State Department has collected letters of resignation pertaining to the Deputy, Under or Assistant Secretary positions

occupied by career FSOs, which the incoming Administration may choose to accept upon assuming office. Again, in keeping with past precedent, we did not remove these career FSOs from their assignments, so that the incoming team would be provided maximum flexibility

and the Department could operate effectively through the transition. You retain the authority to reassign the FSOs upon assuming office, should you choose to do so.

Thank you. -Andrew

Andrew, with regard to the eight new holdovers, understanding that the NASA slot (the 9th) is now not being held over, we would ask that only the following two Treasury additions should be removed:

Hannah Sutter

Sarah "Sally" Wrennall-Montes

Further, with the exception of the individuals we've placed on our holdover list for the State Department, we request that all career foreign service officers serving as Deputy, Under or Assistant Secretaries return to the foreign service

and vacate if serving in any of the aforementioned posts.

Thanks, Andrew.

Thanks for the follow up and revised list earlier this eve, Rick. (I have added the other colleagues from our prior email chain.)

As noted earlier today, we were checking your first list against what the AIDC have reported to us to identify any

potential gaps. A number of the people you added to the revised list were those identified by Agency Transition Directors. However, there are some additional people that Agency Transition Directors report are being asked to holdover by Agency Review Teams.

Accordingly, I have revised your latest list by adding nine names at the bottom of the list. (I also added numbers and kept your formatting re highlighting your new additions.) Please take a look.

Additionally, we wanted to respond to your questions re State Department career employees:

-

Career Foreign Service Officers (FSOs) serving in PAS or PA positions have not been asked to submit their letters of resignation from those positions because of their underlying career status,

which is similar to members of the Senior Executive Service. Although these career FSOs were nominated/appointed to PAS positions or appointed to PA positions by the President, they are selected for PAS or PA positions (including both overseas ambassadorships

as well as PAS or PA positions at State and USAID) pursuant to Foreign Service processes separate from the political appointee selection process overseen by the White House Presidential Personnel Office. This approach is consistent with the approach taken

in prior transitions.

Do let us know if you want to move any of the nine above the line. In the absence of your confirmation, we will continue

to off board them as we look to you for the definitive list.

Thank you again. A

Good afternoon Tim,

Below is a work order that will allow you access to the both the NEOB and EEOB for any upcoming meetings you may have. I am still working on getting you placed on the Access List and eventually EOP badged. Until this happens OA Facilities has offered to help us with clearing individuals on work orders.

I am currently working with OA to gain access back to their system, which was taken away after the transition. This work order is a work around until this resolved.

The work order works just like the Access List. You have 24/7 access to the NEOB and EEOB.

You will need to call or email WAVES/USSS to see if prints are required. Their number and email are listed below. If prints are needed please fill out the attached form and take it with you to your appointment. WAVES is located at 1724 F Street NW between Central Office and the EEOB.

I hope this helps.

February 2, 2017

Greetings from the White House Fellows Office,

Welcome to our new placement principals and thank you to our existing placement principals for continuing to serve as partners and mentors to your Fellow. You are a critical partner in this long-standing nonpartisan program which has just entered into its tenth administration. For more information about the White House Fellows Program, please see our [website](#) or see the attached program overview materials.

The Fellows remain in place through August 2017 as part of this non-partisan program, so they have a unique role in the administration. Please think of them as a key resource that can help you ensure a smooth transition in your office. It is traditional at this point in the year for the program to have a mid-year check in with each Fellow and their placement principal, so we will be reaching out to each placement individually over the coming months for scheduling these check-ins. Meanwhile, if you have any questions about the program or about the role of the Fellow in your office, please do not hesitate to contact me.

In addition to sharing the attached calendar for the month of February, I would like to highlight the following:

Speaker Seminars

The ongoing speaker seminar series is an important part of our education program. It has been a wonderful tradition to invite all placement principals (Secretaries, Administrators, and heads of your respective offices) to speak to the Fellows. This is a candid, off-the-record conversation typically held over lunch at our office. We look forward to hosting all placement principals over the course of the year and invite your leadership to participate. Please let me know if you have any questions about this opportunity.

NASA Trip

The Fellows will travel as an official delegation to NASA's Cape Canaveral, FL facility from February 12-14 to engage with public and private sector leaders in the fields of space and science. Please find the travel authorization memo for this trip attached. This was a short lead time opportunity, so thank you for supporting your Fellow and for ensuring all travel arrangements are made in a timely manner accordance with the authorization memo. Please let me know if you have any questions.

Thank you for your ongoing support for the White House Fellows program and for your efforts to include your Fellow in meaningful ways in your office. Have a wonderful evening!

All the best,
Cara

Thanks, Jeff. We are still also promoting the idea of the FAR Council, at its discretion, adding FAR Council members on specific FAR cases. We think it will take some of the pressure off of the FAR Council and it simply makes sense when the case is specific to another agencies mission.

I also think we will provide everyone some idea on the innovation front – was hoping to discuss that more at length with everyone, but will try something on our own to see what folks think about it.

Yes, we should have our thoughts on the list by the 6th. Thanks for including service contract reporting.

OMB is returning the Javits design reprogramming action to GSA for resubmission as part of the upcoming President's budget formulation. Funding proposals to initiate design or construction any new project would be submitted to OMB as part of the FY 18 budget formulation process. The Javits reprogramming proposal, submitted on January 9th, proposes to initiate a new project and also indicates inclusion of construction funding in the President's FY 18 budget, a determination that has yet to be made.

We also note that the Major R&A allocation, when taking into consideration unobligated balances that Members of Congress will not support for reprogramming activities, GSA has very little funding, only approx. \$25 million, available for emergencies or internal escalation of ongoing R & A projects.

We look forward to working with GSA on the FY 18 budget formulation.

Hi Michael / Laura / Gregg,

I'm not sure if you guys got word of this yet but OMB has returned the Javits reprogramming request and has advised GSA to include in as part of the FY 2018 request.

This might be old news as it came in Friday afternoon but wanted to make sure you are aware.

Let me know if you would like to discuss.

Thanks,

Subject: Federal Fleet Management Guidance

Dear CSOs and Plus Ones:

The *Guidance for Federal Agencies on Executive Order 13693 – Federal Fleet Management*, developed by FEMP in coordination with GSA, has been issued and is available on the Department of Energy's website: <https://energy.gov/eere/femp/downloads/guidance-federal-agencies-executive-order-13693-federal-fleet-management>.

The Guidance is intended to help agency CSOs, sustainability staff, and headquarters fleet managers craft tailored, executable

plans to achieve statutory and executive directives on Federal fleet efficiency. The Guidance will help Federal agencies develop an overall approach to increasing fleet efficiency and reducing fleet-wide per-mile GHG emissions, including right-sizing fleets to mission, increasing fleet fuel efficiency, and displacing petroleum with alternative fuel use.

Many thanks to FEMP and GSA for their work on the Guidance and continued support for Federal fleet goals. For technical questions, or questions about the Guidance itself, please consult the FEMP and GSA contacts listed in the front of the document. For any questions about E.O. requirements, please feel free to contact us at CEQ.

Best,

Dear All,

Good morning. Heads up!

Henry Gindtt, the White House Staff focused on Real Property Initiative and the implementation of the two passed Bills, asked that he attend our 12 pm meeting. Primarily he wants to meet and greet all players and put face to the names.

I just did not want you to be surprised. Thank you.

Alex

Thus, I ask for your review.

Most importantly - if there are proposals here you don't support, please identify them.

We'd also welcome additions to the list, and improvements in how we explain these proposals.

Subject: Federal Fleet Management Guidance

Dear CSOs and Plus Ones:

The *Guidance for Federal Agencies on Executive Order 13693 – Federal Fleet Management*, developed by FEMP in coordination with GSA, has been issued and is available on the Department of Energy's website: <https://energy.gov/eere/femp/downloads/guidance-federal-agencies-executive-order-13693-federal-fleet-management>.

The Guidance is intended to help agency CSOs, sustainability staff, and headquarters fleet managers craft tailored, executable plans to achieve statutory and executive directives on Federal fleet efficiency. The Guidance will help Federal agencies develop an overall approach to increasing fleet efficiency and reducing fleet-wide per-mile GHG emissions, including right-sizing fleets to mission, increasing fleet fuel efficiency, and displacing petroleum with alternative fuel use.

Many thanks to FEMP and GSA for their work on the Guidance and continued support for Federal fleet goals. For technical questions, or questions about the Guidance itself, please consult the FEMP and GSA contacts listed in the front of the document. For any questions about E.O. requirements, please feel free to contact us at CEQ.

Best,

Dee Siegel

I spoke with CEQ yesterday and explained that we would be holding off for several reasons and they agreed. We should look to update the bulletins with some minor modifications.

Alex, I can detail some of the updates we should make next week

Hi Michael / Laura / Gregg,

I'm not sure if you guys got word of this yet but OMB has returned the Javits reprogramming request and has advised GSA to include in as part of the FY 2018 request.

(b) (5)

This might be old news as it came in Friday afternoon but wanted to make sure you are aware.

Let me know if you would like to discuss.

Thanks,

OMB is returning the Javits design reprogramming action to GSA for resubmission as part of the upcoming President's budget formulation. Funding proposals to initiate design or construction any new project would be submitted to OMB as part of the F Y 18 budget formulation process. The Javits reprogramming proposal, submitted on January 9th, proposes to initiate a new project and also indicates inclusion of construction funding in the President's F Y 18 budget, a determination that has yet to be made.

We also note that the Major R&A allocation, when taking into consideration unobligated balances that Members of Congress will not support for reprogramming activities, G S A has very little funding, only approx. \$25 million, available for emergencies or internal escalation of ongoing R & A projects.

We look forward to working with GSA on the FY 18 budget formulation.

Angela,

Attached for your review and approval is a reprogramming request for the Jacob Javits Federal Office Building. The proposed funding source is the Cyber Campus project. I have attached the letters to the appropriators and authorizers, the associated prospectus, and the latest unobligated balance report.

Subject: Federal Fleet Management Guidance

Dear CSOs and Plus Ones:

The *Guidance for Federal Agencies on Executive Order 13693 – Federal Fleet Management*, developed by FEMP in coordination with GSA, has been issued and is available on the Department of Energy's website: <https://energy.gov/eere/femp/downloads/guidance-federal-agencies-executive-order-13693-federal-fleet-management>.

The Guidance is intended to help agency CSOs, sustainability staff, and headquarters fleet managers craft tailored, executable plans to achieve statutory and executive directives on Federal fleet efficiency. The Guidance will help Federal agencies develop an overall approach to increasing fleet efficiency and reducing fleet-wide per-mile GHG emissions, including right-sizing fleets to mission, increasing fleet fuel efficiency, and displacing petroleum with alternative fuel use.

Many thanks to FEMP and GSA for their work on the Guidance and continued support for Federal fleet goals. For technical questions, or questions about the Guidance itself, please consult the FEMP and GSA contacts listed in the front of the document. For any questions about E.O. requirements, please feel free to contact us at CEQ.

Best,

Dee Siegel

All - The President signed this executive order this morning (attached is an unsigned version).

We are in the process of developing the OMB guidance required by Section 2(d). To assist in this effort, we would appreciate it if you could identify by COB today specific questions concerning the implementation of Section 2 that you believe OMB should address in its guidance.

Thanks.

John, Mike, Laura, Mathew,

Thank you very much for the good conversation on potential legislative initiatives.

Per our discussion, I'm sharing our working draft proposal set.

(b) (5)

Thus, I ask for your review.

Most importantly - if there are proposals here you don't support, please identify them.

We'd also welcome additions to the list, and improvements in how we explain these proposals.

(b) (5)

If possible, can we get your thoughts by COB Monday February 6?
